

**Ambarish Khaitan**

**Executive Director, Salasar Services**

I am a distinguished insurance professional with over eighteen years of extensive experience in both direct and reinsurance broking. Since joining Salasar Services in 2007, I have been dedicated to transforming our organization from a small-scale operation into the largest insurance broker in Eastern India and one of the top 25 in the country.

My academic journey began with a Bachelor's degree in Commerce from Calcutta University, followed by a Master's degree in Insurance from the National Insurance Academy, Pune. I am also proud to be an Associate of the Insurance Institute of India and hold certifications in both Direct General Insurance and Reinsurance, which have fortified my expertise in the field.

Throughout my career, I have focused on driving growth and success through a deep understanding of structured products, liability, and reinsurance. My experience at a multi-national broking firm provided me with the strategic insight needed to steer Salasar Services to new heights.

Under my leadership, Salasar Services has been honoured with the Assocham Award for Broker of the Year in both 2022 and 2024. This recognition reflects my commitment to excellence and innovation in the insurance industry.

My journey has been one of perseverance, continuous learning, and strategic leadership. I remain committed to shaping the future of insurance broking in India and driving Salasar Services towards even greater achievements.
